Tuesday

Dear Caroline

Enclosed you have the forty-four dollars fifty cents which you want. The book came safe by Rimmond. It remains uncertain whether Wendell will go to Phil'a as I learn from Mary, who is in town to day & was to accompany him to Leicester. But Garrison is going & will be most happy to take charge under you, & has a letter from Mrs Lucretia Mott inviting you to stay at her house, saying she is feeble, & cannot write to all the friends, but makes him the medium charging him in an especial manner to show the letter to you. She depends on your coming to her, & going no other whither. Lavender was married, week before last. I think she is preparing herself with great grief, & "alla propria," to go right. I am busy as a dog, Sydney having gone back only yesterday & being going to Phila & Edmund busy mending his wife as the W. Roxbury phrase is for efforts of the kind. Poor Mrs Howe! hip put out & arm broken! "Pity" - says Lizzy "it hadn't been me, I mend so easy."

Wednesday. I hear that Mrs Chapman is better. Lizzy is not better - at Beverly. Frank came ashore at a dentist['s] ... at a depot ... poison, I can say) & is in ... that it ... in the times

Mrs Chapman not very well. ... [illegible]
